Maths Vocabulary Checklist

Shape:

quadrilateral
parallelogram
trapezium
kite
rhombus
pentagon
hexagon
octagon
decagon
dodecagon
sphere
cube
cuboid
cone
pyramid
prism
area
perimeter
volume
reflection
rotation
symmetry
2D
3D
faces
edges
vertex
vertices

Number:

odd
even
prime
composite
consecutive
alternate
squared
cubed
square number
cube number
factor
multiple
highest common factor (HCF)
lowest common multiple (LCM)

Triangles:

right-angled
scalene
equilateral
isosceles

Calculations:

sum
total
difference
product

Data handling:

pictogram
tally chart
bar chart
line graph
pie chart
x-axis
y-axis
mean
mode
median
range

Symbols:

3^2
 $\sqrt{9}$
<
>

Circles:

radius
diameter
circumference

Time:

digital
analogue
24-hour clock
am
pm
noon
midday
midnight

Extra notes:

Angles:

right-angle
acute
obtuse
reflex
